

FERRORRESONANT POWER SUPPLY

APC60915QCE

Power for Broadband!

AVAILABLE NOW
120/240 INPUT VOLT SWITCHABLE
60/90 OUTPUT VOLT SWITCHABLE

The **Kable Power™** power supply is silent and economic. It will provide you with high performance and excellent regulation. The KP comes with a thick rugged aluminum enclosure and is equipped with status and fault indicators. This unit is also durable, compact, and easy to install making the **APC** series, the optimal choice when it comes to quality, reliability, price and performance.

TYPE Non-Standby Power Supply
MODEL APC60915QCE

1) ELECTRONICS

Maximum Output Power	(VA)	900
Nominal Input Voltage	(VAC) ±15%	120/230 (Switchable)
Input Frequency	(Hz)	60
Input Protection (Fuse)	(A)	8
Output Voltage	(V)± 5%	60/90 (Switchable)
Output Frequency	(Hz)	60
Maximum Output Current	(A)	15
Suggested minimum load	(A)	1

2) INDICATORS

Output voltage presence	Green LED
-------------------------	-----------

3) VARIOUS

Standard key	Yes
Water proof	NEMA IP21
Mounting system	Powder Coat Wall or Pole
Color	Powder Coat Champagne
Flange Fitting	5/8" Female
Protection	Short Circuit and Alarm
Circuit Breaker	Micro

4) DIMENSIONS & WEIGHT

High	(mm)	333
Wide	(mm)	214
Deep	(mm)	182
Weight	(Kg)	19.5
